Student Council, the governing division of the student body, is composed of duly elected officers and representatives from each class including the affiliate classes. It is a method of student self-government which is granted and supported by the school administration. Weekly meetings are held to consider infractions of regulations with which students are charged, to discuss current problems, and to suggest improvements for the general welfare of the student body. It offers one a true insight into student problems and administration policies. Prestige and respect are given its members as representatives of the student body.

STUDENT COUNCIL

L.A.S.N.

The Louisiana Association of Student Nurses, since its organization in 1950, has played a vital part in student life and activities. This association has functioned to prepare students for membership in graduate associations by acquainting them with the purpose, goals and program of the professional association, thereby providing a solid foundation upon which to base their activities in the association.

This year Charity's L. A. S. N. has been active on a local, district and state level, attaining 100% membership of the student body, election of several district officers and one state officer.

Under the sponsorship of Miss Gloria Gernhauser, Charity's L. A. S. N. can point with pride to a year of progressive and effective organization.

"Going places and doing things" seems to be the Library Club's 1959 motto.

After getting acquainted at an ice cream party, the junior librarians began their year's activities by sponsoring a cultural movie for the student body. Then followed a book sale and tour of the Public Library, the Civic Center, and the Delgado Museum. Another of its activities was that of securing paintings from the Public Library for display in Charity's own "hallowed halls."
